Port Adelaide Ghost Experience—An awesome opportunity to fellowship with Rotarians and their partners. Things developed unexpectedly but what else would you expect from such an experience. The bus driver needed a substitute and so did the guide. The back seat of the bus was vacant at least until our exchange student, Laurens embraced the opportunity. Was the back seat haunted? Laurens proved that he was undaunted and ready for the challenge!

Port Adelaide—A town with a troubled past. From the railway station with deaths of young railway workers, mysterious deaths by police officers in their secure loggings within the Police Station, youths disappearing from the streets and reappearing on the decks of clippers and the stories of floods which that created nightmarish living conditions as buildings needed to be raised time and time again well above their original basements, Port Adelaide revealed a fascinating history full of spine tingling stories.
