Bulletin Edition #1207(cv16/z7): 7 July 2020

President's Message: Dick Milner

Our guest speaker last week Past President of Rotary International Bill Boyd talked about The Rotary Foundation. Charity Navigator gives The Rotary Foundation a perfect score. It comes second in their top ten of the best charities everyone's heard of after Ronald McDonald house.

Rotary is generally considered to be a very successful service club as, due to its presence in so many developing countries it effectively does community service on a global scale. Not reaching out from a distance but being there on the ground where it is needed. One of its core values, the classification system only allowing a limited number of any occupation in each club, creates diversity. It seeks its membership from those who have already proved their worth so its members have both management expertise and a wide variety of skills.

It also has perseverance having worked on eradicating Polio continuously since 1985 during which period UNICEF lost interest and fell by the wayside as has WHO which has helped sporadically.

The speaker on Tuesday will be David Jones, the first District Governor of our new District 9510.

- The organization conducting the survey however concluded that Rotary is unique primarily because Rotarians think differently

- Many Rotarians have leadership roles
- Very few Rotary projects fail
- Compassion and perseverance are key characteristics
- Rotary is a community service on a global scale
