Rotary Information: Martin Monument

- ShelterBox began in 2000 as a Cornish Rotary Club's millennium project. With the support of Rotary members and clubs around the world, ShelterBox grew to become an internationally recognised, independent disaster relief organisation. Since 2012, ShelterBox and Rotary have been official Project Partners in disaster relief
- Typical ShelterBox aid items include tents as temporary shelter or shelter kits to allow people to build or rebuild durable shelters. ShelterBox also provides other aid items such as mosquito nets, water filters, water carriers, solar lights, cooking sets, blankets and mats. A sturdy green box packed with the necessary aid items is often provided to families in places where ShelterBox responds
- The aid provided by ShelterBox is tailored to the nature of each individual disaster and location and therefore it is not always the same. ShelterBox Response Teams distribute aid on the ground, working closely with local organisations, local and international aid agencies and Rotary Clubs worldwide

Members' Corner:

- Trevor Graskes's funeral: Flowers will be sent and details and photos will be sent to the District Conference
